Terms for Adding Your Student Identification to a Third Party Digital Wallet

These Terms for Adding Your Student Identification to a Third Party Digital Wallet (the “Terms”) apply when adding your school-issued identification card (“Student ID”) to a digital wallet on an eligible iOS or Android based device or other payment service managed or owned by a third party (“Digital Wallet”). In these Terms, “you” and “your” refer to the holder of the Student ID, and “we,” “us,” and “our” refer to The Board of Trustees of The University of Alabama, by and on behalf of The University of Alabama.

When you add your Student ID to a Digital Wallet, you agree to these Terms:

1. Service. We have entered into an agreement with Transact Campus to allow eligible recipients of a Student ID to provision their Student ID to a Digital Wallet on an iOS and Android based device. The Digital Wallet will permit you to use your device to (i) make contactless payments at merchants’ contactless-enabled point-of-sale terminals or readers that accept contactless payments using a mobile card and (ii) access certain facilities (“Service”). By placing your iOS- or Android-based device near a merchant’s contactless-enabled point-of-sale terminal or reader, you are authorizing the payment for the merchant’s products or services with the Digital Wallet through the Service.
2. Adding Your Student ID. You can add an eligible Student ID to a Digital Wallet by reviewing instructions found at <http://actcard.ua.edu/> and <https://actcard.ua.edu/mobileactioncard/> . Only Student IDs that we determine are iOS and Android eligible can be added to a Digital Wallet. We may determine eligibility criteria in our sole discretion. We reserve the right to terminate our participation in the Service, a Digital Wallet, or with a Digital Wallet provider at any time and the right to designate a maximum number of Student IDs that may be added to a Digital Wallet.
3. Your Student ID Does Not Change. The terms and agreement that govern your Student ID and enrollment with us do not change when you add your Student ID to the Digital Wallet. Prior student application and enrollment agreements you have agreed to are incorporated by reference as part of these Terms. The Digital Wallet simply provides another way for you to make purchases or other transactions or access certain facilities with the Student ID.
4. Fees. We do not charge you any additional fees for adding your Student ID to the Digital Wallet or using your Student ID in the Digital Wallet. The Digital Wallet provider and other third parties such as wireless companies or data service providers may charge you fees. You are solely responsible for reporting and paying any applicable taxes arising from transactions originated using your Student ID information transmitted by a Digital Wallet and you shall comply with any and all applicable tax laws in connection therewith.
5. We Are Not Responsible for the Digital Wallet. We are not the provider of the Digital Wallet, and we are not responsible for providing the Digital Wallet service to you. We are only responsible for supplying information securely to the Digital Wallet provider to allow usage of the Student ID in the Digital Wallet. We are not responsible for any failure of the Digital Wallet, for any errors, delays caused by or the inability to use the Digital

Wallet for any transaction. We are not responsible for the performance or non-performance of the Digital Wallet provider or any other third parties regarding any agreement you enter into with the Digital Wallet provider or associated third-party relationships that may impact your use of the Digital Wallet. We are not responsible for the security of your data in a Digital Wallet or any breach of that data.

6. Transaction History. You agree and acknowledge that the transaction history displayed in the Digital Wallet solely represents our authorization of your Digital Wallet transaction and may not reflect complete information about the transaction, nor any post-authorization activity, including but not limited to clearing, settlement, foreign currency exchange, reversals, returns or chargebacks. Accordingly, the purchase amount, currency, and other details for the Digital Wallet provider's transaction history in connection with use of your Student ID in the Digital Wallet may be preliminary and/or incomplete, and may not match the transaction amount that ultimately clears, settles, and posts to your Student IDs' billing statement or other relevant billing statement, which shall be deemed the prevailing document.
7. Contacting You Electronically and by email or through Your Mobile Device. You consent to receive electronic communications and disclosures from us in connection with your Student ID and the Digital Wallet. You agree that we can contact you by email at any email address you provide to us or through the mobile device on which you have provisioned for the Student ID. It may include contact from companies working on our behalf to service your accounts. You agree to update your contact information with us when it changes.
8. Removing Your Student ID from the Digital Wallet. You should contact the Digital Wallet provider on how to remove a Student ID from the Digital Wallet. You have the option of utilizing the removal feature on the Digital Wallet directly or may contact the Action Card Office for assistance. We can also block or retire a Student ID in the Digital Wallet from purchases or other card related transaction types at any time.
9. Governing Law and Disputes. If any disagreement arises between the parties hereto relating to the interpretation or implementation of any part of these Terms, the parties shall first attempt to amicably resolve such dispute by agreement between them. The Board of Trustees of the University of Alabama does not waive and specifically reserves all immunities to which it is entitled by the constitution, laws, and statutes of the United States and the State of Alabama, including, without limitation, the immunities contained within Article 1, section 14, of the Constitution of Alabama and Ala. Code § 36-1-12 (1975). Any claim against The Board of Trustees of the University of Alabama must be made through the Alabama State Board of Adjustment. Any provisions of this Agreement that may be considered a consent to suit or a waiver of immunity by The Board of Trustees of the University of Alabama is hereby stricken and rendered null and void. Alabama law, without regard to its conflicts of law provisions, shall exclusively apply to these Terms and any dispute involving The Board of Trustees of the University of Alabama.
10. Ending or Changing these Terms; Assignments. We can terminate these Terms at any time. We can also change these Terms, or add or delete any items in these Terms, at any time. Your use of a Student ID in a Digital Wallet after we have made such changes available will be considered your agreement to the changes. We will provide notice if required by law. Furthermore, subject to applicable law, at any time we may (i) terminate your use of any Student ID in connection with a Digital Wallet, (ii) modify or suspend the type or dollar amounts of transactions allowed using Student IDs in connection with a Digital Wallet, (iii) change a Student IDs' eligibility for use with a Digital Wallet and/or (iv) change the Student ID authentication process. You cannot change these terms, but you can terminate these Terms at any time by removing your Student ID from the Digital Wallet. You may not assign these Terms.
11. Privacy. You agree that we may share your information with the Digital Wallet provider, merchants, a payment network, and others in order to provide the services you have requested, to make information available to you about your Student ID transactions, and to improve our ability to offer these services. We do not control the

privacy and security of your information that may be held by the Digital Wallet provider and that is governed by the privacy policy given to you by the Digital Wallet provider.

12. Notices. We can provide notices to you concerning these Terms and your use of a Student ID in the Digital Wallet by posting the material on our website, through electronic notice given to any electronic mailbox we maintain for you or to any other email address or telephone number you provide to us, or by contacting you at the current address we have on file for you.
13. Limitation of Liability; No Warranties. WE ARE NOT AND SHALL NOT BE LIABLE FOR ANY LOSS, DAMAGE, OR INJURY OR FOR ANY DIRECT, INDIRECT, SPECIAL, INCIDENTAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS, ARISING FROM OR RELATED TO YOUR ADDING A STUDENT ID TO A DIGITAL WALLET, OR YOUR ACCESS OR USE OF A DIGITAL WALLET. TO THE FULLEST EXTENT PERMITTED BY LAW, WE DISCLAIM ALL REPRESENTATIONS, WARRANTIES AND CONDITIONS OF ANY KIND (EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT OF PROPRIETARY RIGHTS) AS TO ANY AND ALL DIGITAL WALLETS AND ALL INFORMATION, PRODUCTS AND OTHER CONTENT INCLUDED IN OR ACCESSIBLE FROM THE DIGITAL WALLETS.

Temporary cards must be returned within 2 weeks from issuance (card is only valid for use for 7 days from issuance) or a \$10 fee will be assessed the cardholder. For currently enrolled students, the fee will be billed to the student's account at Student Account Services. For all other cardholder's, should the temporary card not be returned, the fee will be assessed at the time the replacement Action Card is produced (along with the \$35 card replacement fee).

Action Card Cardholder's Liability for Unauthorized Purchases

If the cardholder believes their Action Card credential(s) has been lost or stolen, cardholder must report at once such loss or theft as noted under Notification and Replacement Procedures for Lost/Stolen Card or Unauthorized Card Use. Failure to notify the appropriate University authorities may result in cardholder losing all funds in cardholder's debit account.

With notification within two business days of cardholder learning of the lost or theft of their Action Card, the cardholder can lose no more than \$50 if someone used the Action Card without cardholder's permission.

Should cardholder not report the loss or theft within 2 business days of learning of such loss or theft, and the University can prove it could have stopped someone from using cardholder's Action Card credential(s) without permission, cardholder's liability for unauthorized purchases shall not exceed \$500.

Should cardholder not report the loss or theft within 60 days of learning of such loss or theft, and the University can prove it could have stopped someone from using cardholder's Action Card credential(s) without permission, cardholder's liability for unauthorized purchases may have no dollar limit.

For transaction inquiries by phone, the cardholder may be required to submit the information in writing within 10 business days to the Action Card Office. The results of the Action Card investigation will be provided to the cardholder within 10 days after the written submittal is received by the Action Card Office and, if applicable, correct any errors. If additional time is necessary, we may take up to 45 days from receipt of the written inquiry to investigate the inquiry. If this is the case, we will recredit the cardholder's account within the 10 days of receipt of the written inquiry. If the University determines there was no error, a written explanation from the Action Card Office will be emailed to the

cardholder within three business days after the investigation is completed. The cardholder may request copies of the documents used in the investigation.

Error Resolution Procedures

Cardholder can access Action Card debit account transaction history online at eAccounts <http://actcard.ua.edu/> (eAccounts online) or through the eAccounts mobile app (this is the mobile app used and retained on the eligible device for mobile card provisioning). Should cardholder believe there is a discrepancy with a transaction or a receipt or would like more information regarding a transaction, contact the Action Card Office immediately but no later than 60 days after the transaction has posted to the cardholder's eAccounts transaction history under eAccounts. The following information should be included in the request:

- Cardholder name and student number
- Description of the transaction(s) in question including merchant name, date, time, and amount
- Reason for the inquiry on the transaction

See above **Action Card Cardholder's Liability for Unauthorized Purchases** for important additional details.

Disclosure of Information

The University may disclose information to third parties about the cardholder's account, usage, or the transfer made: (a) in order to comply with court orders, applicable laws, or other legal obligations; (b) if the cardholder gives written permission; (c) where it is necessary for completing transactions or providing any other service to the cardholder; (d) in order to verify the existence and condition of cardholder's account for a third party; or (e) as reasonably necessary in order to detect fraud, theft, or other improper use of an Action Card or related credentials.

The University may, in its sole discretion and without your consent, disclose your account information internally for use in matters related to the operation of the University or your University enrollment, employment, and/or affiliation, which includes, among other things, using your information in security, student conduct, and/or human resources matters.

Documentation of Transfers

If the point-of-sale terminal is equipped to provide a receipt, the cardholder will receive a receipt at the time of the purchase. The cardholder can access their Action Card debit account transaction online at eAccounts (eAccounts online) <http://actcard.ua.edu/> or through the eAccounts mobile app (this is the mobile app used and retained on the eligible device for mobile card provisioning) for both attended and unattended reader's locations. Authorized merchant locations may require a signature for an Action Card debit account transaction. Balances listed under eAccounts may not reflect any outstanding account activity where communications are temporarily unavailable.

If the University does not complete a transfer to or from the cardholder's debit account within a reasonable period of time or in the correct amount according to the University's agreement with the cardholder, the University may be liable to the cardholder, to the extent permitted by Alabama law, for all damages proximately cause thereby. However, in no event shall the University be liable to cardholder: (a) if, through no fault of the University's, there are insufficient funds in cardholder's account to complete the transfer or purchase; (b) if circumstances beyond the University's control such as fire, flood, power outage, other catastrophes, legal acts of public authorities, strikes, riots, or communications, equipment, or mechanical difficulties or failures which could not be reasonably foreseen prevent completion of the transfer of purchase, despite reasonable precautions which the University has or might have taken; (c) if, through no

fault of the University, there is a delay in transferring data from one University computer system to the Action Card computer system; (d) if the Action Card reader was not working properly and cardholder knew about the malfunction when cardholder started the transfer or purchase; (e) cardholder's funds are subject to legal process or other encumbrance restricting such transfer; or (f) any other published exceptions. Alabama law will apply to any claim made against the University relating to, connected with, or arising from these terms of use or the use, attempted use, or possession of the Action Card. Further, any claim for losses or damages may only be filed with the State of Alabama Board of Adjustment. Nothing contained herein shall be deemed or construed as a waiver of the sovereign immunity of the Board of Trustees of the University of Alabama.

- Should the cardholder's account contain insufficient funds, the cardholder will be immediately notified to deposit funds to cover such transaction(s) as soon as possible after the system is brought on-line and the transaction(s) downloaded to the cardholder's debit account. Should the cardholder not deposit the necessary funds within 5 business days, the cardholder agrees that the total due for all such transactions may be sent to the cardholder's student account at Student Account Services for collection.
