0.00 USD

Welcome to MyAccounts. With MyAccounts online management cardholders can add money to their Bama Cash account, using Visa, MasterCard, American Express or Discover, as well as, view Dining Dollars and Bama Cash balances and account transaction activity.

For Apple and Android users, cardholders can access these same features through UA's mobile app under the Action Card icon. From UA's website at ua.edu, search for mobile app and download today. In order to deposit to Bama Cash from the mobile application, cardholders must first save their account information through this web application. As you complete your online deposit, you will have an option to save your card information for ease in completing future deposits online or via the mobile app. Additional information is available at actcard.ua.edu. **NOTE: Due to a MyAccounts upgrade, Saved Payments created prior to July 8 will need to be deleted and then re-entered online. For questions, contact 205.348.2288.**

Guests are welcome to add Bama Cash funds to a cardholder's account using the Guest Option. Visa, MasterCard, American Express or Discover are accepted for deposits. Please have the cardholders Campuswide ID # (student number) and last name available.

Please note, it is important to enter in all requested information for your deposits correctly in order for your bank to validate and approve the deposit transaction. Please be aware that if the cardholder information was not entered correctly and validation failed and the transaction was denied, your bank may still place an authorization hold on funds in the amount of the transaction for deposits. This hold usually lasts for 24 hours but can remain for longer based on your banks policies. If you have questions regarding your banks policy, please call the number on the back of your card.

Make Account Deposit

Beneficiary → **Deposit Information** → Payment Information → Confirmation

Account

Select the account you want to deposit funds to.

Bama Cash

Deposit Type

You can select to deposit a specific amount into the account above. Or, you can select to deposit an amount that is a calculated difference between the current account balance and a target balance (balance top-off).

Example: A student's account contains \$10. You want to make the account balance \$55. Your calculated balance top-off deposit would be \$45.

- Specific Amount ← Choose Deposit Type
- Balance Top-Off

Deposit Amount

Enter the amount you want to deposit.

Minimum deposit amount: 10.00 USD

Maximum deposit amount: 1,000.00 USD

10.00 USD ← Enter the Deposit Amount

Payment Method

- Credit Card

Blackboard will redirect you to FIS-ClearCommerce, a secure Payment Provider, for payment processing. You will be returned to the Blackboard site when your transaction is completed.
